SPF PFS 20

STRATEGIC PREVENTION FRAMEWORK PARTNERSHIPS FOR SUCCESS 2020

SPF PFS 2020 addresses polysubstance misuse with the goal of reducing overdose from the concurrent use of opioids (both prescription and heroin), methamphetamine, alcohol, and/or benzodiazepines.

New Mexico implements a polysubstance use prevention initiative, designed to tear down the common silos that limit flexible responses to what people who use drugs actually experience.

SPF PFS 2020 Community Programs serve Bernalillo County, Santa Fe County, Doña Ana County, Sandoval County, San Juan County, and Valencia County.

Tribal LEAD Program is pre-arrest diversion for substance use disorders

TRIBAL NATIONS

OSAP works with Tribal Nations across New Mexico on primary prevention to reduce alcohol misuse and prescription opioid misuse and overdose death prevention

PAX GOOD BEHAVIOR GAME

Purpose: PAX GBG is an evidence-based trauma informed care program that utilizes positive reinforcement and contingency management to build self-regulation skills among youth. **Served:** Students in Pre-Kindergarten through 8th grade classrooms through teacher training.

Where: 95 school sites and school districts with 11 Indigenous sites including Albuquerque, Aztec, Carlsbad, Chama, Deming, Espanola, Farmington, Hatch, Las Cruces, Pojoaque, Santa Fe, Socorro, Taos, and Tucumcari among many others.

Successes: For SY21-22, the program trained over 157 new PAX teachers, 13 new administrators and 143 new special staff. A total of 37,075 students were served. Preliminary results show a 51.8% reduction in spleen counts, and significant (statistically) improvements in Pro-Social Skills.
