The New Mexico Health Services Division, Office of Substance Abuse Preventions' (OSAP) will be offering a survey to the public online this year. OSAP has our approval to place posters and flyers in our MVD field offices until April 28th. The posters and flyers will have information about the survey along with the QR code and web link to take the survey. The OSAP staff will also be leaving postcards for our teams to hand out to customers. OSAP staff will be coming to place the signs themselves on our walls, front windows, etc. They will identify themselves to you and provide this verification letter. The OSAP survey process is not expected to interrupt MVD operation.

This project will assist substance abuse prevention efforts in your local community and across the state. Their work is important to the state of New Mexico. Let us welcome them warmly and support this important initiative in our offices.

It is also encouraged for MVD staff to participate in the survey and share with family and friends that live in New Mexico. The survey will open on 02/26 and this year's link is: <https://tinyurl.com/NMCS2024>
